

ATTACHMENT A

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

Name of Action or Project:		
Green Infrastructure Implementation in CSO Basins 6, 26, 27, 33, & 53		
Project Location (describe, and attach a general location map):		
City of Buffalo East Side, Downtown, and South Buffalo neighborhoods		
Brief Description of Proposed Action (include purpose or need):		
As part of BSA's Long Term Control Plan, green infrastructure (GI) is being implemented into combined sewer system. This will help to reduce the amount of combined sewer outfall disch melt events. A total of 558 GI locations have been selected throughout an 8,977 acre project stormwater tree trenches, underground storage, porous asphalt pavement, curb extensions, a street/utility right-of-ways. GI practices are planned for within and adjacent to multiple parks, operated by BMHA, as well as roadway right-of-way locations throughout the City. An assess of the GI locations has been conducted and the results presented in the Environmental Asses SEQRA review.	narges occurring into local waterways area. Ten different GI practices suc and infiltration trenches, will be place public schools, several housing com sment of the environmental resource	s during storm and snow h as rain gardens, d mainly within aplexes owned and is found within the vicinity
Name of Applicant/Sponsor:	Telephone: (716) 851-4664 Ext.	4203

c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 37.02 acres
or controlled by the applicant or project sponsor? 37.02 acres
c. Is the proposed action an expansion of an existing project or use? ☐ Yes ✓ No
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % Units:
d. Is the proposed action a subdivision, or does it include a subdivision? ☐Yes ✓No
If Yes, i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)
ii. Is a cluster/conservation layout proposed? ☐Yes ☐No
iii. Number of lots proposed?iv. Minimum and maximum proposed lot sizes? MinimumMaximum
e. Will the proposed action be constructed in multiple phases?
i. If No, anticipated period of construction: months
ii. If Yes:
• Total number of phases anticipated <u>Up to 14, assume 1 per design package</u>
 Anticipated commencement date of phase 1 (including demolition) 6 month 2026 year
• Anticipated completion date of final phase
• Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases:
he design is broken in to 14 separate bid packages. It is assumed that 14 separate construction bid packages may be awarded; however, other variations will be considered as the project enters final design and funding sources are fully allocated.

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?	☐ Yes ☐ No
If Yes: • acres of aquatic vegetation proposed to be removed:	
expected acreage of aquatic vegetation remaining after project completion:	
purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
• proposed method of plant removal:	
• if chemical/herbicide treatment will be used, specify product(s): v. Describe any proposed reclamation/mitigation following disturbance:	
v. Describe any proposed reciamation intrigation following distarbance.	
c. Will the proposed action use, or create a new demand for water?	□Yes Z No
If Yes:	
i. Total anticipated water usage/demand per day: gallons/day	
ii. Will the proposed action obtain water from an existing public water supply?	□Yes □No
If Yes:	
 Name of district or service area: Does the existing public water supply have capacity to serve the proposal? 	☐ Yes ☐ No
 Is the project site in the existing district? 	☐ Yes☐ No
 Is expansion of the district needed? 	☐ Yes☐ No
 Do existing lines serve the project site? 	☐ Yes☐ No
iii. Will line extension within an existing district be necessary to supply the project?	□Yes□No
If Yes: • Describe extensions or capacity expansions proposed to serve this project:	
Source(s) of supply for the district:	
<i>iv.</i> Is a new water supply district or service area proposed to be formed to serve the project site? If, Yes:	☐ Yes☐No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
vi. If water supply will be from wells (public or private), what is the maximum pumping capacity:	gallons/minute.
d. Will the proposed action generate liquid wastes?	☐ Yes Z No
If Yes:	
i. Total anticipated liquid waste generation per day: gallons/day	
<i>ii.</i> Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe approximate volumes or proportions of each):	
iii. Will the proposed action use any existing public wastewater treatment facilities?If Yes:	✓ Yes No
Name of wastewater treatment plant to be used: Buffalo Sewer Authority - Bird Island WWTP	
Name of district: Buffalo Sewer Authority	
Does the existing wastewater treatment plant have capacity to serve the project?	Z Yes □No
• Is the project site in the existing district?	✓ Yes □No
• Is expansion of the district needed?	□Yes Z No

	 Do existing sewer lines serve the project site? 	✓ Yes □ No
	 Will a line extension within an existing district be necessary to serve the project? 	□Yes Z No
	If Yes:	
	Describe extensions or capacity expansions proposed to serve this project:	
iv	. Will a new wastewater (sewage) treatment district be formed to serve the project site?	□Yes ☑ No
	If Yes:	
	Applicant/sponsor for new district:	
	Date application submitted or anticipated:	
	• What is the receiving water for the wastewater discharge?	
v.	If public facilities will not be used, describe plans to provide wastewater treatment for the project, including speci receiving water (name and classification if surface discharge or describe subsurface disposal plans):	fying proposed
	receiving water (name and classification if surface discharge of describe substitute disposal plans).

waste?				
If Yes: i. Name(s) of all hazardous wastes or constituents to be	generated handled or ma	naged at facility:		
i. Ivame(s) of all hazardous wastes of constituents to be	generated, nandred of ma	maged at facility.		
ii. Generally describe processes or activities involving h	azardous wastes or constit	tuents:		
iii. Specify amount to be handled or generatedto	ons/month			
iv. Describe any proposals for on-site minimization, rec	ycling or reuse of hazardo	us constituents:		
W'll 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	CC '. 1 1	11'4 0	□Yes□No	
v. Will any hazardous wastes be disposed at an existing If Yes: provide name and location of facility:				
11 Tes. provide name and location of facility.				
If No: describe proposed management of any hazardous v	wastes which will not be so	ent to a hazardous waste facilit	y:	
<u> </u>				
E. Site and Setting of Proposed Action				
E.1. Land uses on and surrounding the project site				
a. Existing land uses.				
i. Check all uses that occur on, adjoining and near the	project site.	1 (f)		
 ✓ Urban ✓ Industrial ✓ Commercial ✓ Resid ✓ Forest ✓ Agriculture ✓ Aquatic ✓ Other 	ential (suburban)	ırai (non-iarm)		
ii. If mix of uses, generally describe:	(specify). I ain, How			
The projects vary in location and are located on a variety of public	lands including parks, schoo	ls, and street right-of-ways.		
b. Land uses and covertypes on the project site. Park, scho	ool. ROW			
Land use or	Current	Acreage After	Change	
Covertype	Acreage	Project Completion	(Acres +/-)	
Roads, buildings, and other paved or impervious	36.6	26.6	-10.0	
surfaces	30.0	20.0	-10.0	
Forested	-	-	-	
Meadows, grasslands or brushlands (non-	0.35	0.35	0	
agricultural, including abandoned agricultural)				
Agricultural (includes active orchards, field, greenhouse etc.)	-	-	-	
Surface water features				
(lakes, ponds, streams, rivers, etc.)	-	-	-	
Wetlands (freshwater or tidal)	-	_	-	
Non-vegetated (bare rock, earth or fill)		_	-	
	<u>-</u>	-		
Other Describe:				

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain: Some projects are located in parks. Refer to supplemental information for details.	✓Yes□No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes,	✓ Yes No
 i. Identify Facilities: 'es, some projects are located at schools. Refer to supplemental information for details. 	
oo, oon o projecte are to to to to the cappion on an arrangement.	
e. Does the project site contain an existing dam?	□Yes☑No
If Yes:	10510
i. Dimensions of the dam and impoundment:	
• Dam height: feet	
• Dam length: feet	
 Surface area: acres Volume impounded: gallons OR acre-feet 	
• Volume impounded: gallons OR acre-feet ii. Dam's existing hazard classification:	
iii. Provide date and summarize results of last inspection:	
<u> </u>	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility.	□Yes ☑ No lity?
If Yes:	
i. Has the facility been formally closed?	□Yes□ No
• If yes, cite sources/documentation:	
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility.	
iii. Describe any development constraints due to the prior solid waste activities:	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? If Yes:	□ Yes Z No
<i>i.</i> Describe waste(s) handled and waste management activities, including approximate time when activities occurr	a.d.
	ed:
	ed.
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any	ed. ✓ Yes No
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?	
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site	
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:	✓ Yes No
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site	✓ Yes No
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: Yes – Spills Incidents database Provide DEC ID number(s): Yes – Environmental Site Remediation database Neither database ii. If site has been subject of RCRA corrective activities, describe control measures:	✓ Yes No
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: Yes – Spills Incidents database Provide DEC ID number(s): Yes – Environmental Site Remediation database Neither database ii. If site has been subject of RCRA corrective activities, describe control measures: ome project sites may be in the vicinity of closed spills or brownfield sites. Refer to supplemental information for details.	✓ Yes□ No □ Yes□ No □ Yes□ No
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: Yes – Spills Incidents database Provide DEC ID number(s): Yes – Environmental Site Remediation database Provide DEC ID number(s):	✓ Yes□ No □ Yes□ No □ Yes□ No

v. Is the project site subject to an institutional control limiting property uses?		□Yes☑No
If yes, DEC site ID number:		
Describe the type of institutional control (e.g., deed restriction or easement): Describe any weal imitations:		
 Describe any use limitations: Describe any engineering controls: Will the project offeet the institutional or angineering controls in place? 		
 Will the project affect the institutional or engineering controls in place? 		□Yes□No
• Explain:		
E.2. Natural Resources On or Near Project Site		
· · · · · · · · · · · · · · · · · · ·	es feet	
b. Are there bedrock outcroppings on the project site?		☐ Yes ✓ No
If Yes, what proportion of the site is comprised of bedrock outcroppings?		
c. Predominant soil type(s) present on project site: Varies	%	
e. Fredominant son type(s) present on project site.		
d. What is the average depth to the water table on the project site? Average: Varies_f	eet	
e. Drainage status of project site soils: Well Drained: % of site	050/ 111 1 1	
✓ Moderately Well Drained: 5% of site	95% Urban lands, uncl drainage	assified for
☐ Poorly Drained% of site	uramage	
f. Approximate proportion of proposed action site with slopes: 2 0-10%:	1(+ % of site	
<u> </u>	% of site	
☐ 15% or greater:	% of site	
g. Are there any unique geologic features on the project site?		□ Yes ☑ No
If Yes, describe:		
h. Surface water features.		
i. Does any portion of the project site contain wetlands or other waterbodies (including st	reams, rivers,	□Yes ☑ No
ponds or lakes)? ii. Do any wetlands or other waterbodies adjoin the project site?		✓ Yes No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.		1 05 110
iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by	v anv federal.	✓ Yes □No
state or local agency?	,,	
iv. For each identified regulated wetland and waterbody on the project site, provide the fo		
Streams: Name Scjacquada Creek		
Lakes or Ponds: Name	Classification	
Wetlands: NameWetland No. (if regulated by DEC)	Approximate Size	
v. Are any of the above water bodies listed in the most recent compilation of NYS water q	uality-impaired	✓ Yes □No
waterbodies?		
If yes, name of impaired water body/bodies and basis for listing as impaired:		
0101-0033 Scajaquada Creek, Middle and tribs. Fishing & Recreational use Impaired		
i. Is the project site in a designated Floodway?		□Yes Z No
j. Is the project site in the 100-year Floodplain?		✓ Yes □No
k. Is the project site in the 500-year Floodplain?		Z Yes □No
l. Is the project site located over, or immediately adjoining, a primary, principal or sole sou If Yes:	rce aquifer?	□Yes Z No
i. Name of aquifer:		

m. Identify the predominant wildlife species that occupy or use the project site: Urban wildlife.	
n. Does the project site contain a designated significant natural community? If Yes: i. Describe the habitat/community (composition, function, and basis for designation):	□Yes ☑ No
ii. Source(s) of description or evaluation:	
iii. Extent of community/habitat:	
• Currently: acres	
Following completion of project as proposed: acres	
• Gain or loss (indicate + or -):acres	
 o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened speci. If Yes: i. Species and listing (endangered or threatened): Peregrine falcon, see supplemental information. 	☑ Yes□No ies?
p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?	□Yes ☑ No
If Yes: i. Species and listing:	
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? If yes, give a brief description of how the proposed action may affect that use:	□Yes Z No
E.3. Designated Public Resources On or Near Project Site	
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to	☐Yes ✓ No
Agriculture and Markets Law, Article 25-AA, Section 303 and 304? If Yes, provide county plus district name/number:	
b. Are agricultural lands consisting of highly productive soils present? i. If Yes: acreage(s) on project site?	□Yes Z No
ii. Source(s) of soil rating(s):	
c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?	∐Yes ∕ INo
If Yes: i. Nature of the natural landmark:	
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? If Yes: i. CEA name:	∐Yes Z No
ii. Basis for designation:	
iii. Designating agency and date:	

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? If Yes: i. Nature of historic/archaeological resource: Archaeological Site Historic Building or District	
ii. Name: See supplemental information.iii. Brief description of attributes on which listing is based:	
f. Is the project site, or any portion of it, located in or adjacent to an area archaeological sites on the NY State Historic Preservation Office (SHP)	
g. Have additional archaeological or historic site(s) or resources been identified on the project site? ☐Yes ☑No If Yes: i. Describe possible resource(s): ii. Basis for identification:	
h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? If Yes: i. Identify resource: ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway,	
etc.): miles.	
 i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? If Yes: i. Identify the name of the river and its designation: 	
i. Identify the name of the river and its designation: ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?	
F. Additional Information Attach any additional information which may be needed to clarify your project.	
If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.	
G. Verification I certify that the information provided is true to the best of my knowledge.	
Applicant/Sponsor Name Rosaleen B. Nogle	Date 7/17/2025
