## What is the Community Partnership Program?

The Buffalo Sewer Community Partnership Program (CPP) is designed to create long-lasting positive economic, environmental, and social impacts in our local communities.

### Focus Areas:

**Education:** Promote Science, Technology, Engineering, Arts, and Mathematics (STEAM) learning and innovation.

**Workforce Development:** Build job training and employment pipelines.

**Economic Development:** Stimulate local growth through infrastructure projects.

**Public & Environmental Health:** Improve health and sustainability in our communities.

## How Do Community Partners Benefit?

Community partners who engage in the Community Partnership Program will experience multiple benefits. Eligible partners include 501(c)(3) registered nonprofits and public schools/colleges based in the City of Buffalo.

### Benefits Include:

Long-term partnerships with infrastructure professionals.

Financial support for programs aligned with CPP goals.

Volunteer contributions from participating firms.

Recognition in Buffalo Sewer newsletters and reports.

## How Do I Get Involved?

Interested in becoming a Community Partner?

### Here's How:

- Ensure your organization is a registered 501(c)(3) nonprofit or public school based in the City of Buffalo.
- Align your initiatives with one or more CPP focus areas.
- Be independent of any participating firm or contractor.
- Be in compliance with the CPP Framework Document.
