- Buffalo Niagara Water Keeper Spring Sweep April 25th

3. Construction Without Disruption Activity

- Art led an interactive activity using the Mentimeter tool (survey results attached)
- The following is a brief summation of the findings:
 - What should happen before construction begins on your block?
 - o Clear and timely notifications
 - o Community Impact Assessment
 - o Clear point of contact for issues that may occur during construction
 - o Being proactive
 - What is the biggest impact on your quality of life from construction
 - o Traffic and parking impacts
 - o Dust, Noise
 - o Utility Interruptions
 - o An outreach representative on site to answer questions and filter resident concerns
 - What should never be compromised during a construction project?
 - o Safety for residents and workers
 - o Clear communication
 - What would be the best way for residents to report an issue and get a response
 - o Temp information board at job site
 - o Text messaging/App
 - o Onsite Mailbox

Meeting adjourned at 5:09 pm
