A Carylton Company

*** SPECIAL NOTICE ***
(With-In One Week)

This is to inform you that the **City of Buffalo** will be rehabilitating the sewer mainline in your neighborhood using a method called Cured-in-Place Pipelining. This system will provide a new, joint-less sewer pipe connection for your area that minimizes root and water infiltration problems, improves flow, and provides for a more structurally sound pipe without the need for excavation. To accomplish this, **there will be a temporary disruption of sewer service to your residence or business for a period of approximately _____ hours.**

This interruption in sewer service will tentatively occur for **ONE DAY** between;

7:00AM – 5:00PM – _____.

You will receive a **48 or a 24-hour pre-notification on the day(s) prior to actually rehabbing the pipe that your home is connected to.** This notification is to make you aware of what will be taking place. **The above date is subject to change.**

During this period your property's sewer service connection will be completely sealed off from the Town's mainline in the street. **Please limit the use of water going down your drains to an absolute minimum and DO NOT USE WASHING MACHINES OR DISWASHERS DURING THE INSTALLATION PROCESS.** If you must shower, bath, or wash hands please leave the water in the tub/sink until your service has been restored.

Any sump pumps connected to the sewer system must be disconnected and/or discharged elsewhere to avoid possible damage to our liner, or backups in your basement. **Failure to follow these instructions may cause your discharge to backup into your property.**

If you have any questions or concerns during the course of our installation period; please do not hesitate to ask for the Site Supervisor or Crew Foreman at the job site.

If you have any questions or concerns regarding this project; please contact any one of the following during business hours, Monday-Friday

General Contractor – National Water Main Cleaning Co

Project Manager: Andrew Flannagan-617.719.9353

Project Manager : Jack Caraher – 857.320.7798

Superintendent: Fabio Leite-617.908.0393

Thank you for your cooperation.
