Minimum Control Measure 6. Stormwater Management for Municipal Operations
The information in this section is being reported (check one):
<ul> <li>○ On behalf of an individual MS4</li> <li>○ On behalf of a coalition         How many MS4s contributed to this report?     </li> </ul>
1. Choose/list each municipal operation/facility that contributes or may potentially contribute

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

Self-Assessment
