Buffalo Sewer Authority Launches Search for New General Manager

Buffalo, N.Y. – Today, Buffalo Sewer Authority (Buffalo Sewer) announced the launch of a nationwide search for a new General Manager. The successful candidate will be responsible for overseeing Buffalo Sewer’s operations, strategic planning, award winning programs, and financial performance, including management of its \$74 million annual budget and \$770 million capital program.

“We are seeking a highly qualified and experienced leader to guide Buffalo Sewer into the future, building on our successful and innovative programs,” said Herbert L. Bellamy, Chairman of the Board. “The ideal candidate will have a proven track record of success in the water and wastewater sector, strong financial background, and a commitment to public service. As an anchor institution, Buffalo Sewer creates thousands of jobs and generates significant economic impact. Our next General Manager must understand this responsibility and continue our strong commitment to supporting Minority and Women-Owned Business Enterprises in our procurement practices.”

The General Manager will be responsible for:

- Overseeing the day-to-day operations of Buffalo Sewer
- Leading a team of dedicated professionals
- Developing and implementing long-term strategic plans
- Managing Buffalo Sewer’s budget and financial performance
- Implementing the \$1 billion Queen City Clean Waters initiative to improve local waterways over the next 15 years
- Building and maintaining strong relationships with regulatory agencies, community stakeholders, and elected officials

Buffalo Sewer is committed to finding a candidate who shares its vision of providing reliable and sustainable wastewater services to the Buffalo community. Buffalo Sewer is an equal opportunity employer and encourages qualified candidates from all backgrounds to apply.

Interested candidates can learn more about this opportunity on Buffalo Sewer’s [Career Opportunities website](#).

About Buffalo Sewer Authority:

Buffalo Sewer Authority is a public benefit corporation responsible for providing wastewater collection, treatment, and disposal services to the City of Buffalo and portions of Erie County. Buffalo Sewer is committed to protecting public health and the environment, maintaining and improving water resources, creating workforce opportunities, driving economic impact for future generations, and keeping rates as low as possible for customers.
