Board Meeting of September 24, 2025

2-C

INFORMATIVE: REPORT ON THE CONDITION OF THE LIABILITY AND CASUALTY RESERVE FUND

The Resolution that created the Liability and Casualty Reserve Fund provides that:

“The General Manager shall regularly and not less than semi-annually render to the Board a detailed report of the operation and condition of the Liability and Casualty Reserve Fund.”

Fund Balance as of June 30, 2024	\$1,008,441.96
Interest Earnings	\$39,343.37
Claims Paid	\$50,253.39
Transfer from Operating Fund	<u>\$10,000.00</u>
Fund Balance as of June 30, 2024	\$1,007,531.94

The Resolution that created the Liability and Casualty Reserve Fund provides that:

“When the amount of the Liability and Casualty Reserve Fund reaches the sum of \$1,000,000.00, no further additions shall be made thereto until the Fund has been reduced below \$1,000,000.00”.

During the period of July 1, 2024 – June 30, 2025 the Authority settled ten claims, resulting in cash payments from the Buffalo Sewer Authority in the amount of \$50,253.39. No claims were denied in this time period.

Total Active Claims Pending as of June 30, 2025

Bodily Injury	17
Property Damage	8
Motor Vehicle	2
Auto B.I. & P.D	5
Other Liability	2
Total	<u>34</u>

VENDOR NO. 15211	ACCOUNT NO.	02000543-432004

WORK: Buffalo Sewer Authority Wet Weather Capacity Projects,
Bird Island Wastewater Treatment Facility, Phase I
Secondary System Rehabilitation and Upgrades Construction
Phase Services

DESCRIPTION OF CHANGE OR EXTRA WORK:

- Item #1 Task 1 - Construction Administration Services
At BSA's request, AECOM performed several out-of-scope tasks to assist BSA during the two-year period between when bids were received and construction began primarily to support obtaining the funding and approvals required to award the five construction contracts. As part of this support, AECOM assisted BSA in negotiating change orders with each of the five contractors to address the impact of the delayed start which coincided with supply chain challenges and unprecedented inflation. AECOM also assisted BSA with setting up a construction management system to support the multiple construction projects, assisted with the planning of the Groundbreaking ceremony, and assisted BSA with negotiating a waiver to allow materials to be provided from outside the United States. Finally, this change order accounts for the additional labor costs resulting from the delay in the start of construction.
- Item #2 Task 2 - Construction Observation Services
The original June 2021 estimate for inspection services included 8,000 hours for AECOM's field staff to observe construction activities, which assumed an 8-hour workday over the construction duration. With five prime contractors working on the site, AECOM has averaged around 9.5-hour days for their prime Resident Inspector. Additionally, AECOM has provided a second AECOM inspector when needed based on ongoing construction activities. AECOM anticipates the need for an additional 970 hours to provide coverage through the current anticipated end of construction date of July 31, 2026.
- Item #3 Task 3 - Extension of Start-Up Services
Construction now includes three separate start-up phases—Battery A, Battery B, and final completion, requiring additional support beyond the original scope. AECOM has allocated 416 hours of additional support including deliverables such as Maximo asset templates, equipment calibration and Ovation integration, and equipment/system training. These efforts will provide the Authority a complete representation of the Secondary System for long-term operation and maintenance.

REASON FOR CHANGE OR EXTRA WORK:Item #1 Task 1 - Construction Administration Services

The project was delayed from June 2021 to June 2023 due to unexpected issues with award and compliance which impacted each of the five construction contracts. During the delay period, AECOM continued to work through critical issues associated with inflation, pandemic-related supply chain problems, regulatory changes, and the resulting funding adjustments. As a result, AECOM utilized more resources than originally expected early in the project and the final completion date moved from July 2025 to July 2027.

Item #2 Task 2 – Extension of Construction Observation Services

Due to the complexity of observing five concurrent construction contractors at once, AECOM has been providing an additional effort to observe construction activities.

Item #3 Task 3 – Extension of Start-Up Services

The change is driven by a shift from a single start-up phase to a phased approach with three distinct milestones, increasing the complexity of coordination and support. AECOM provides 416 additional hours of post-milestone support to manage closeout activities across multiple stakeholders. This expanded effort ensures delivery of key documentation and models that will support the Authority's long-term operations and maintenance.

COST OF CHANGE OR EXTRA WORK:

Item #1	\$985,100.00
Item #2	\$376,120.00
Item #3	\$67,800.00

THE TOTAL COST OF CHANGE ORDER NO. 1: \$1,429,020.00

- WHEREAS On October 2, 2020, the Buffalo Sewer Authority issued a Request for Proposals (RFP) for Secondary System Rehabilitation and Upgrades Construction Administration and Inspection; and
- WHEREAS The RFP was issued to multiple firms including AECOM USA, Inc., Arcadis, GHD, Ramboll, Stantec, and Wendel Companies; and
- WHEREAS AECOM USA Inc., Arcadis, Ramboll, and Wendel Companies responded to the RFP by the specified deadline of 10:00 AM November 19, 2020; and
- WHEREAS A consultant selection committee lead by then Treatment Plant Administrator reviewed and ranked the proposals received; and

WHEREAS Based on the proposal review and interviews, the consultant selection committee recommended retaining AECOM USA, Inc. for the professional services outlined in the RFP at an agreed upon cost not to exceed \$3,509,328.00; and

WHEREAS: On June 23, 2021, the Board of the Buffalo Sewer Authority authorized the General Manager to enter into and execute a contract with AECOM USA Inc., for Phase I Secondary System Rehabilitation and Upgrades Construction Phase Services at a cost not to exceed \$3,509,328.00; and

WHEREAS: On July 26, 2023, the contract completion date established in the original contract was extended by 247 calendar days, resulting in a final completion date of March 31, 2027 with Board approval; and

WHEREAS: The Capital Projects Manager and staff have reviewed a request for a Change Order No. 1 to Contract No. 82000047 in the amount of \$1,429,020.00as detailed above and recommend approval.

NOW THEREFORE
BE IT RESOLVED:

That the Board of the Buffalo Sewer Authority hereby approves Change Order No. 01 to Contract No. 82000047 as written in the above Agenda Item, increasing the contract cost in the amount of \$1,429,020.00 making the adjusted contract cost \$4,938,348.00. Expenses from this contract will be paid from Account No. 02000543-432004.

ITEM NO.11

CHANGE ORDER NO. 1 – CONTRACT NO 82000068

CONTRACTOR:	ORIGINAL CONTRACT COST	\$2,315,867.00
Hohl Industrial Services, Inc.	PREVIOUS CHANGE ORDERS/RENEWALS	\$4,631,734.00
770 Riverview Boulevard	THIS CHANGE ORDER NO. 1	<u>\$153,400.00</u>
Buffalo, NY 14150	ADJUSTED TOTAL CONTRACT COST	\$7,101,001.00

PROJECT: In-Plant Equipment Maintenance Services

Supervisory apprenticeship training and assessment support to BSA Maintenance staff provided by Hohl

DESCRIPTION OF CHANGE OR EXTRA WORK:

Item #1 Additional General Foreman Millwright craft to provide functional supervisory support of BSA Millwrights, Millwright Helpers, and Acting Millwright Helpers for a period of six months.

REASON FOR CHANGE OR EXTRA WORK:

Item #1 Due to limited supervisory staffing capacity, a qualified Millwright General Forman is required to provide functional supervisory and apprenticeship type on-the-job training and assessment support to BSA Maintenance staff.

COST OF CHANGE OR EXTRA WORK:

Item #1 \$153,400.00

THE TOTAL COST OF THE CHANGE OR EXTRA WORK \$153,400.00

The total INCREASE to the contract as a result of this Change Order is \$153,400.00

CONTRACT SUPPLEMENT CONDITIONS:

1. The contract completion date established in the original contract or as modified by previous contract supplements remains unchanged.
2. Any additional work to be performed under this contract supplement shall be carried out in compliance with the specifications included in the preceding description of changes involved with the supplemental contract drawings designated none and under the provisions of the original contract, including compliance with applicable equipment specifications, general specifications, and project specifications for the same type of work.
3. This contract supplement unless otherwise provided herein does not relieve the Contractor from strict compliance with the guarantee provisions of the original contract, particularly those pertaining to performance and operation of equipment.
4. The Contractor expressly agrees that he will place under coverage of his performance and payment bonds and Contractor's Insurance all work covered by this contract supplement. The Contractor

will furnish to the Owner evidence of increased coverage of his performance and payment bonds for the accrued value of all contract supplements that exceeds the original contract price by twenty percent (20%).

- 5. The costs established under this contract supplement are acknowledged as including any and all costs associated with the work described herein and including any and all costs associated with any and all work performed or to be performed by the Contractor that may be affected in any manner by the work described herein.

NOW THEREFORE
BE IT RESOLVED:

That the Board of the Buffalo Sewer Authority hereby approves change order No. 1 to Contract No. 82000068 as written in the above Agenda Item, increasing the contract cost in the amount of \$153,400.00, making the adjusted contract cost \$7,101,001.00. ITEM NO.17

ADOPTION OF NEGATIVE DECLARATION OF STATE ENVIRONMENTAL QUALITY REVIEW FOR THE RAINCHECK 2.0 GREEN INFRASTRUCTURE PROGRAM

- WHEREAS: The Buffalo Sewer Authority (“the Authority”) was created by New York Public Authorities Law (the “Public Authorities Law) Section 1177 (the “Authority Act”) and is authorized and empowered by the Public Authorities Law Article 5, Title 8 to provide for the jurisdiction, control, possession, supervision, and use of the “facilities”, as defined in Section 1176 (10) of the Authority Act, including but not limited to the sewage treatment plant, storm water, and sewage collection system constituting the sewer system that serves the City of Buffalo and neighboring communities (the “Sewer System”); and
- WHEREAS: Pursuant to Section 1179 of the Authority Act, the City of Buffalo (the “City”) assigned, transferred, and dedicated to the Authority jurisdiction, control, supervision, possession and use of the Sewer System; and
- WHEREAS: In accordance with Article 8 (State Environmental Quality Review Act a/k/a “SEQRA”) of the Environmental Conservation Law (the “Act”), and the statewide regulations under the Act (6 NYCRR Part 617) (the “Regulations”), the Authority has considered the proposed construction and implementation of the Raincheck 2.0 Program, which is designed to address and abate combined sewer overflows to area waterways which occur during wet weather, typically rain and/or snow melt events (the “Action”); and
- WHEREAS: This project will serve to protect the environment, water quality, and the public health, safety, and welfare by reducing discharges of pollutants from combined sewer overflows which would otherwise occur without construction and implementation of this project; and
- WHEREAS: On July 30, 2025, the Authority determined it would serve as Lead Agency pursuant to SEQRA and engage in a coordinated review process, and a notice of such Lead Agency designation and coordinated review process was emailed to various involved and interested agencies on August 11, 2025; and
- WHEREAS: The Authority, through its appropriate officers has identified and contracted all potentially involved and interested agencies in the Action (the “Agencies”), and all of the identified potentially Involved Agencies, as defined in the SEQRA regulations, have consented or not objected to the Authority’s proposal to be Lead Agency for the Action; and
- WHEREAS: The Authority, as Lead Agency, in making a Determination of Significance with respect to the Action, has considered the Action as a “Type 1 Action” pursuant to the Regulations, has examined the completed Full Environmental Assessment Form and has reviewed and discussed each and every criterion for determining significance set out in Part 617.7 of the SEQR Regulations.

NOW THEREFORE
BE IT RESOLVED:

Based upon a consideration of the Action, an examination of the completed Full Environmental Assessment Form, a review and discussion of each and every criteria for making a Determination of Significance set out in Part 617.7 of the SEQRA Regulations, and such further investigation of the Action and its environmental effects, if any, as the Authority has deemed appropriate, the Authority makes the following findings with respect to the Action:

- a) No potentially large impacts on the environment from the Action are identified in the Environmental Assessment Form.
- b) The Action is not expected to trigger any significant adverse impacts, including those examples of impacts listed in Part 617.7 of the SEQRA Regulations.

BE IT FURTHER
RESOLVED:

Based upon the foregoing investigation of the potential environmental impacts of the Action and considering both the magnitude and importance of each potential environmental impact, as more particularly stated in the attached Environmental Assessment Form and supplemental Environmental Assessment attached hereto and made a part hereof, the Authority makes the following determinations:

- a) The Action will not have a significant adverse impact on the environment and an environmental impact statement will not be prepared with respect to the Action; and
- b) The Authority hereby authorizes and directs the Principal Sanitary Engineer and Executive Secretary, and its appropriate officers to execute and deliver a Notice of Determination of Non Significance (“Negative Declaration”), in form and substance as attached hereto and made a part hereof, and to file such Notice, in accordance with the requirements of the SEQRA Regulations, and to take such other actions, upon the advice of legal counsel, in furtherance of this resolution as may be necessary or appropriate.

AUTHORIZATION TO ENTER INTO PROJECT PARTNERSHIP AGREEMENT AS PART OF THE BRODERICK PARK AND BIRD ISLAND WASTEWATER TREATMENT PLANT, BUFFALO, NY, SECTION 103 HURRICANE AND STORM DAMAGE REDUCTION PROJECT

WHEREAS: The US Department of Army has identified the bulkhead wall under the bike path to the West of the Bird Island Treatment plant as being eligible for Hurricane and Storm Reduction Funding;

WHEREAS: In order to access this funding, Buffalo Sewer Authority is required to enter into a three-way Project Partnership Agreement (Attachment C) with the US Department of Army providing federal funding of approximately \$6,856,272.15, the City of Buffalo serving as the landowner of the facility, and the Buffalo Sewer Authority providing the local match of approximately \$3,691,838.85; and

WHEREAS: Once construction is completed the Buffalo Sewer Authority would be responsible for ongoing repair, replacement, and rehabilitation of the Project for an estimated cost of \$181,000.00 per year; and

WHEREAS: This work is critical to ensuring the long-term viability of the Bird Island Treatment Facility’s structural integrity; and

WHEREAS: The Principal Sanitary Engineer, Executive Secretary, General Counsel, and staff of the Buffalo Sewer Authority recommend approving this agreement to the Department of the Army.

NOW THEREFORE
BE IT RESOLVED: That the Board of the Buffalo Sewer Authority hereby authorized the Executive Secretary and the Principal Sanitary Engineer to enter into an agreement for The Broderick Park and Bird Island Wastewater Treatment Plant, Buffalo, NY, Section 103 Hurricane and Storm Damage Reduction Project with both the City of Buffalo and the US Army and further authorizes the use of Buffalo Sewer Authority funding for a capital cost not to exceed \$3,691,838.85 and annual operations costs not to exceed \$181,000.00.
